Archive:

This message is being viewed in an archive.

There are 52 applications under review or that have been issued permits or that have been issued letters of No Permit Required (NPRs). Of those 52 applications:

--26 permits have been issued.
--4 NPRs have been issued.
--14 permits or NPRs will be issued by 10/1/12.

In addition, there were 4 applications received since 1/1/11. Let me know if you need more information.

The targets in the spreadsheet were based on estimates we made early this year. The universe figures for Illinois were not as firm as the other states forcing us to use the only figure we had but this should be corrected as the inventory is completed consistent with the workplan requirements. The important thing here is that we have up to date numbers of applications received and permits issued.

CAFOs updates for RA

We are not aware of the origin of some of the numbers assigned to Illinois in this spreadsheet. The commitment for 50 permits in FY12 is new to us. Since the discussions for the FFY12-13 PPA have not begun, this number seems premature. Current applications in-house and the state of affairs post-NPPC case make this figure something of a wild guess in our judgment. The origin of the 500 CAFOs defined as such under NPDES, we believe, arises from an estimate made prior to the 2003 federal regulations. This makes that figure several lawsuits and federal rule revisions off the mark. If you are able to estimate the number of CAFOs in Illinois needing an NPDES permit based on the present requirements, please advise how you have done so.

Otherwise the spreadsheet looks fine and we have no additional comments at this time.

Subject: Please Respond by July 8, 2011 - CAFOs
updates for RA

Hello!

During this morning's monthly call with the States, I was asked to send a reminder every other week to the State CAFO staff for the updates. Please update the attached spreadsheet and send it to me by July 8, 2011, attached are the most recent numbers we reported to our RA. Happy July 4th!

Thank you,
Sreedevi Yedavalli, WN-16J
